1. All development shall be in conformance with code requirements and design standards of all City Departments.
2. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five-foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.
3. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted.
4. The limits of this vacation shall be a 10-foot wide portion of the 20-foot wide bridal path that is directly adjacent to the west of parcel number 138-03-501-012 located north of Red Coach Avenue, west of Rainbow Boulevard.

6. Provide a plan showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including those properties not controlled by the applicant, so that an unmaintained “no-man’s land” area is not produced by this action. Such plan shall be approved by the City Engineer prior to the recordation of the Order of Vacation or the submittal of any construction drawings adjacent to or overlying the area requested for vacation.
7. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation.
